

An exclusive retarget-to-track interface makes latent content measurable — the frozen retargeting latent carries control-usable content beyond time

Unitree G1 (simulated) · preregistered two-walk ambiguity assay · 69 paired starts × 3 training seeds · matched goal-source controls · all numbers machine-generated from the frozen analyzer (SHA-256 05ca3176..)

A · Five students, one exclusive interface
left of this line = the clock alone

B · Every interval excludes zero — both clips, both nulls, and the preregistered robustness analysis

C · Destroy the 64-d channel: competence vanishes (3 seeds)
